## SPRING IS HERE! Think “Spring Cleaning”

And while you are at it, think “Foster Kids.” Children in the foster care system move around frequently and sometimes without advance notice. Did you know many of them only have a plastic grocery bag for their belongings? How many of us have more luggage or tote bags than we know what to do with? Perhaps as we’re spring cleaning and run across those pieces of luggage that we haven’t used in ages, we can clean them up and donate them to our local foster care agency. I’m sure there is a precious child that would benefit from our unused luggage. Submitted by: Phyllis Parrish
